SCISSOR MAN FRANCISEE?

Exciting NEW Franchise Opportunity

What is the Scissor Man?

Scissors — we all use them, often daily. But think about the millions of people who use scissors every day of their working lives. Hair stylists, barbers, upholsters, tailors and seamstresses, for example. Professionals who rely on quality, razor-sharp scissors to earn their living.

That's where the Scissor Man comes in. Without regular maintenance and sharpening, even the most expensive scissors are useless. Did you know just dropping them on the floor or cutting paper can damage professional scissors? Sharpening and servicing scissors is a skilled job. It needs specialist equipment, care and attention to detail.

And because scissors need ongoing attention, that means repeat sales and huge business opportunities for the Scissor Man Franchisee.

Is this YOU?

I'm looking for a proven business model with an ethical company.

I want to be my own boss and improve my work-

I'm looking for franchise that gives me training and support.

I'm good with my hands and like working with ma-

I'm honest, reliable & trustworthy

I enjoy meeting new people and I enjoy selling myself and my services.

I've got an eye for detail and take pride in my work!

I don't mind getting my hands dirty!

The Scissor Man

25+ years and still counting

Proven business model for more than 25 years

Family owned and managed, the Scissor Man was founded in 1990 by franchisor Jack Carle's grandfather, John.

The company originally operated in the Kent and South London areas. Within a year, John had a staff of three mobile scissor sharpeners covering the region.

John developed his own tried and tested systems, which are still used in the Scissor Man's operation today.

Although past retirement age, John is still involved hands-on in the business, supporting grandson Jack in managing the Scissor Man franchise.

Meet your Franchisor - Jack Carle

In establishing the Scissor Man franchise, Jack Carle has drawn on his grandfather's extensive experience. Jack believes few franchisor operators have such a valuable insight into the needs of their franchisees.

Still in his 20s, Jack joined the family Scissor Man business when he left school. He is a powerhouse of energy, ideas and innovation, and is the driving force behind the franchise.

The Scissor Man franchise opportunity is a unique blend of youth and experience. As a young man, Jack is in-touch with and embraces technology and up-to-the-minute methodology critical for business success today. His grandfather John, brings a wealth of industry knowledge and his many years of business systems experience.

This combines to create the reliable, ethical and sound franchise opportunity that is the Scissor Man.
